## POLICE GUARD SHADOWED WOMAN

### LAFLEERS ARE AT OUTS DIVORCE PAPERS FILED

With the filing of a sealed divorce complaint in the Superior Court of Alameda county this morning by Mrs. Gladys Courvoisier Lafler against her husband, Harry Lafler, formerly editor of the Blue Nile and a former member of the staff of the San Francisco Argonaut, local society received a shock. The couple have been reading at Mount Diablo where they took part in exclusive affairs, and frequently entertained at informal luncheons and parties. They always appeared to be friendly and gave their friends no intimation of their disagreement.

MRS. H. A. LAFLEER

For the past few days Mrs. Lafler has not been in her apartments there, but has been with friends. There was no whispering of a divorce or even a hint of a separation. The story will be told in court tomorrow morning.

According to a statement made by Lafler this morning he and his wife have separated but he refused to state the reasons for the estrangement. He filed a general denial today upon the accusations made by Mrs. Lafler, who was a San Francisco society girl and formerly the wife of Lieutenant Madden, one of the United States army. Lafler's attorneys are Abbott, Fitzgerald and Beardsley.

Both here and in San Francisco, Mrs. Lafler has taken part in the functions given by the smart set. She set the social world thinking when she introduced her beautiful wolf hounds into their elite circles and was envied because she possessed the finest dogs in the state. Mr. and Mrs. Lafler were much interested in the raising of the canines and were daily seen on the public thoroughfares with the hounds which were reared with care and were the chief pets of Mrs. Lafler.

In many of the dog shows given in California, the hounds were exhibited by Mrs. Lafler, who was their manager and owner. There was often a suggestion by their closest acquaintances that the pair lavished too much affection upon the dogs and were slightly indifferent in their demonstrations toward each other.

Mrs. Lafler is very hospitable and her country home in Niles was the rendezvous for many interesting social gatherings. Harry Lafler is associated with the Wucham Havens Realty Company and is highly esteemed here. He is a poet and contributes to eastern magazines.

### COUNCIL TO PROHIBIT GAMBLING IN SALOONS

Tribune Editorial Results in Action by Chief of Police Petersen and Oakland City Commissioners

Following the recommendation in THE TRIBUNE editorial of last night the city council today decided to prohibit all gambling in saloons, whether it be gambling in the legal sense of the word or not, and to prohibit the use of private rooms for card playing, dicing and other forms of games of chance. The matter was brought to the attention of the city by Chief of Police Walter J. Petersen in a lengthy letter, in which he referred to THE TRIBUNE editorial and commended the suggestions made.

Petersen explained that he had investigated the story of Harry Masters, 18 years of age, that he had been fleeced by gamblers in Jack Henner's saloon on the west side of Broadway, and had found that in this case the saloon proprietor was not greatly at fault as Henner had been only 17 years of age and there was no reason to suspect that he was a minor. Petersen declared that the saloon permitted the playing of poker, and that this practice had been permitted for the past 10 years or more there. He declared that he had never been instructed to prevent card playing when this was not contrary to the penal code but that in this case the penal code had not been violated in any way, but he recommended that a resolution be passed prohibiting playing at cards at places of chance where anything of value was bet.

### KIDNAPING FEARED BY MRS. BECK

Private Sleuths Watch Woman Whose Husband Accuses Gordon

Spiriting Away of Wife or Boy May Be Object of Espionage

Police are guarding the home of Mrs. Edith Beck, wife of Civil Engineer Arthur A. Beck, who has brought suit against Philip K. Gordon, general passenger agent of the Southern Pacific Company, for \$50,000, charging alienation of Mrs. Beck's affections by the railroad official. Patrolmen are watching the house occupied by Mrs. Beck and her young son at 644 Fifty-third street on account of fear on the part of both Beck and his wife that detectives shadowing Mrs. Beck and the boy, almost daily, are endeavoring to kidnap one or both of them.

Beck believes the spiriting away of the boy is the object of the surveillance while Mrs. Beck inclines to the belief of the police that attempts are being made to get her away from Oakland in advance of the time she has set for early departure, and that the aim is to prevent her telling in court the whole story of her affair with Gordon, which she has already announced she will give.

HOUSE WATCHED.

These are some of the events which have kept Mrs. Beck and her son in a state of terror for more than a week.

Wednesday, July 23.—Unknown man is seen by Mrs. Beck making an effort to enter her bedroom window on the first floor at 2 a. m. The sash had been raised by the intruder when Mrs. Beck awoke and the noise of her leaping up in bed frightened away the intruder.

Saturday.—Woman and man, believed to be private detectives, spend most of the day and evening watching in front of the Beck home. A second man is also on watch with them part of the time.

Sunday.—Same pair are on watch until after 10 p. m. Shortly before midnight on the same day mysterious man is again seen by Mrs. Beck at her bedroom window attempting to gain entrance. He flees at the sound of Mrs. Beck stirring.

In the afternoon the man doing sleuth duty with the woman rings the doorbell of the Beck home and asks Mrs. Beck to accompany him downtown, saying her statement was wanted in connection with an automobile accident she had witnessed. She declines to go.

Monday.—The second man who had been seen in front of the residence summons Mrs. Beck to the

### DID GAYLEY STOP SALE? MYSTERY OF A TOWN LOT

### CO-EDS CHANGE BUILDING SITES

Now Campus Rings With Rumors of the Real Reason Why

UNIVERSITY OF CALIFORNIA, July 30.—The young women of the Phi Beta Phi sorority are erecting a new home on Channing way, near College avenue. It was to have been on Durant avenue, west of Piedmont. That it is not in the location first chosen is due to the fact that that site was immediately in the rear of the residence of Professor Charles Mills Gayley, head of the department of English and one of the leading educators of the country. Campus rumor explains with much secrecy that the majestic bearded professor, that Professor Gayley took immediate and effective steps to prevent the sorority house adjoining his own when word of the plan first came to his ears.

Professor Gayley, perhaps unjustly, has been suspected of a tendency other than toward co-education. At least the campus still remembers the stormy times that accompanied the institution of his course in "Great Books," when exigencies of space forbade his accommodating all the students who applied and he announced that the course would be for men.

### Two Killed During Storm

WASHINGTON, July 30.—Walter E. Hilton, vice-president of a local real estate company, and an unidentified man were killed during a terrific wind, rain and hail storm here today. They were caught in the collapse of a building.

Four men caught on the dome of the Capitol weathered the gale safely and were taken from their perilous position. An immense crowd gathered at the American League Park for the Washington-Detroit game was caught in the gale. Several persons were reported slightly injured in the wreck of a department building. The postoffice, postoffice and other government buildings had huge holes torn in their roofs by lightning.

Several persons are known to have been injured, many small buildings were demolished and a large property loss was caused. The wind blew in gusts as high as 100 miles an hour and one-half inch of rain fell in an hour.

### SECOND BIG HAUL BY THIEVES

Home of J. H. Hanan at Narragansett Is Entered

Experts Who Stole From Mrs. Harriman Suspected

NARRAGANSETT PIER, R. I., July 20.—Jewelry worth at least \$150,000 was stolen from Shore Acres, the summer residence of Mr. and Mrs. J. H. Hanan Friday night. The \$75,000 robbery in the home of C. C. Rumsey, son-in-law of the late E. H. Harriman, occurred on Sunday night.

Reports that the Hanans had been robbed were denied until today, when Mrs. Hanan told the story of their loss. Hanan is seriously ill and has been kept in ignorance of the robbery. An unwillingness to disturb him influenced his wife to withhold the facts until this time.

Also stolen were a pair of pearls, a set of diamond watches, a set of diamond earrings, a brooch and a pair of rare diamond earrings surrounded by white diamonds.

A peculiar feature of the robbery was that some particularly valuable gems were left in the bureau drawer from which the others were removed. They could hardly have been overlooked and this suggests that the job was a hurried one.

SELDOM WEARS JEWELS.

Mrs. Hanan seldom wears the jewelry, and would not ordinarily have had them at Shore Acres. They had been brought over from New York at a time when she had expected to give her annual reception to Governor and Mrs. Pothier. The illness of Mr. Hanan made it necessary to cancel the function.

The jewelry was taken from Mrs. Hanan's boudoir a few moments after she had left the house to attend a reception. The loss was discovered within 30 minutes, but although three detective agencies have been working on the case since Sunday morning no tangible clue has been found.

Mrs. Hanan said that the servants, of whom there are about 25, had been eliminated in the investigation. With the exception of two butlers, who were engaged this year, all of those employed at Shore Acres have been dismissed as the shore of Block Island Sound, over which the Hanan home is very rough and a small boat would have great difficulty in landing anywhere near the estate.

"I left the house on Friday evening for a church reception and

The Y.M.C.A. is holding its annual convention at the Hotel de Ville, and the Y.L.I. is holding its annual convention at the Hotel de Ville.

## W. S. GOULD BUTTS BOARD OF PARK DIRECTORS

### Resignation Tendered Several Days Ago Has Not Been Accepted

Wilson S. Gould, for many years a member of the Oakland board of park directors, has tendered his resignation to Mayor Frank K. Mott as a member of the commission, mayor Mott is engaged in seeking a successor to Gould, who has been recognized as one of the most valuable men on the park board.

Gould is secretary of the Mutual Building and Loan Association and of the Association of Alameda county. His work for the building and loan association has

of a park director have become somewhat onerous. It is partly for this reason that he has decided to forego the service of the city and confine himself to his private business.

NOT YET ACCEPTED.  
Gould's resignation was tendered several days ago, but has not as yet been accepted. The announcement that he is to leave the service of the city will come as a surprise to his many friends and to those who are familiar with his work

The park board has done splendid work for the city of Oakland and its laborers have been very successful in carrying out the plan of park development. The members have given their time and best work to the problem of park development, and Gould has been one of the leaders in this work.

Gould was one of the members of the first board of park directors and has been reappointed on two occasions. His associates on the board, Walter G. Mamm and James P. Edoff, tried to induce him to remain on the board, but were unable to do so.

### POSTPONE CASE OF ACCUSED INTERPRETER

SAN FRANCISCO, July 30.—Nick Vallano, the former Greek interpreter who is accused of having obtained \$140 for the alleged purpose of bribing the judge and police officers in a misdemeanor case, took the stand in Judge Leno's court this morning to be questioned in connection with his motion for probation. His invalid wife and four children were on hand and the court intimated that it would have no hesitancy in coming to a decision. He remarked, however, that Vallano's behavior in public trust was a very serious offense and one which he could not easily condone. Vallano's testimony was to the effect that he had always been honorable and upright and had never been in trouble before. The court continued the matter until Monday.

### MEETS BURGLAR WHO TOOK WATCH AND COIN

SAN FRANCISCO, July 30.—Two receivers were thrust in the face of Frank McCaul, of 544 North avenue, as he rounded the corner on the north side and was only a few feet from his home shortly before 2 o'clock this morning. "Throw up your hands, or we will kill you," said one of the men and as both leveled their weapons, a third individual appeared from the shadows and went through McCaul's pockets, taking his watch and \$130 in coin.

### WOMAN STRUCK BY TRAIN; BADLY HURT

Mrs. Mary August, 1618 Thirty-fourth avenue, became confused this morning while crossing the tracks of the Western Pacific company at Fruitvale avenue and was run down and dangerously injured. The woman was picked up unconscious and it was found that she had sustained fracture of her spine on the right side. She was removed to the office of Dr. L. B. Smith, where she was given surgical attention, and will be removed to her home, provided complications do not set in.

### HOLD-UP MAN WANTED ON FRAUD CHARGE

Charles Bagin, a young bookkeeper, captured Saturday night after he had attempted to hold up W. P. Doyle, 531 Oak street, was recognized this morning as a man wanted on a charge of defrauding an insurance company in a warrant sworn to December 17, 1912, by J. J. Edgar of 2171 Telegraph avenue, proprietor of a lodging house. Bagin was booked on the old charge. He already faced a charge of attempting to commit burglary.

## BERKELEY PUPILS SHORT OF BOOKS

### City Without Funds to Purchase Supplies Not Provided by State

BERKELEY, July 30.—Unless other provision is made the children in the grammar grades of Berkeley schools will be taught next year only those subjects for which the state has printed text books for free distribution. These include reading, spelling, geography and history. Other subjects will have to be abandoned because of the local bearing of a decision which the state's attorney has rendered in Ventura county, unless funds can be drawn from some source not yet available for municipal purchase of necessary texts.

According to Superintendent Morris C. James the state has so far printed for free distribution only text books for the studies mentioned, although several other studies are given in the grades and books therefor purchased heretofore by the several pupils. That pupils would have to

law furnished the school board by the district attorney's office of this county. This week, however, the attorney general furnished to the Ventura school department a decision to the effect that, if other subjects were taught in the schools, the community would have to furnish the texts necessary therefor. The local school department has already found it necessary to renege in several particulars for fear of not securing from the supervisors a sufficiently large tax allotment to equip and manage the schools properly next year.

Although Superintendent James said that the purchase of such texts, there is as yet no assurance that the school board will be able to do so.

Superintendent James sent to the district attorney's office at Oakland a copy of the decision previously furnished by the local board, together with a memorandum of the studies in the local schools for which the state has not provided texts and a clipping of the attorney general's views in the matter.

## DISTRIBUTE RULES TO PREVENT FIRE

For the benefit of business houses the manufacturer's committee of the Oakland Chamber of Commerce has had printed and distributed a set of rules and warnings on the subject of fire prevention. The rules were prepared for the committee by Mrs. Chief N. A. Ball of Oakland and are summarized as follows:

The organization of dependable employees, assigning them stations and duties and having an occasional test drill, the placing of pails of sand and axes in an accessible place near every building, the introduction of sprinkler systems; placing conspicuously the location of the nearest fire box and the fire-alarm telephone number.

"Oakland fire," starting at a point where an alarm is turned in to the city department of the location of the fire, and giving when using a telephone the street and number distinctly; keeping hose reels clear of obstructions and testing them semi-annually, and after using them, seeing that they are dry before replacing them.

Today's burning gasoline, turpentine or alcohol; making stringent rules on the use of pipes, cigars and cigarettes; not leaving friction matches within reach of mice or placing them in other than a metal receptacle. Informing the chief or his assistant thoroughly when a fire occurs at night, and a person whose clothing may be ablaze in a rug, quilt, overcoat, or even a curling sack, and preventing him from running out of a building.

A wooden receptacle; guarding the roof and sides of a plant carefully until danger from an adjacent building is past; closing all opening power switches and shutting off the gas at all light burners and heaters.

MRS. DE VALLE PLEADS  
GUILTY TO MURDER

Mrs. Mary de Valle, accused of the murder of her husband, Manuel Enos de Valle, was this morning placed on preliminary examination before Justice of the Peace J. E. Wamsley at Irvington. Assistant District Attorney William E. Smith presided. She was represented by Attorneys Tom Power and A. L. Frick.

Mrs. De Valle confessed to having shot her husband as he lay asleep, she declares in a drunken stupor. She accuses the expert witness of having been drunk and drunk with her husband. Several witnesses were called.

NEW CITY ATTORNEY  
OF ALAMEDA BUSY

ALAMEDA, July 30.—City Attorney Samuel Poorman Jr. is preparing reports on the electric refunding proposition and the two and one-half cent fare ordinance, which is believed by the officials of the San Francisco and Oakland Terminal railway company to be in conflict with the rulings of the state railroad commission. Poorman will probably have the reports ready for the next meeting of the committee of the whole, Friday evening.

An attorney who is claiming the attention of the city attorney is the widening Encinal avenue. This and the proposed straightening of the curb lines of Santa Clara avenue at Webster street will probably be taken up immediately by the city council.

### ALAMEDA TRAVELING MAN GIVEN PRIZE

ALAMEDA, July 30.—Poorly W. Theobald, an Alameda traveling man, is to celebrate a recent victory in which he secured the company's prize for the most competent salesman of an organization of hundreds, by a cruise on the launch Girardus, up the Sacramento river. Theobald won the prize in a race conducted by a company for a valuable money consideration.

## GARRISON GIVEN MILITARY SALUTE

### Secretary of War Inspects Troops and Equipment at Presidio

SAN FRANCISCO, July 30.—Accompanied by 19 guns at the Presidio and received with all military pomp, Lindley M. Garrison, secretary of war, arrived at the reservation this morning to make a thorough inspection of the troops, equipment and condition of the officers and soldiers quartered in San Francisco.

Escorted by Major-General Leonard Wood, chief of staff, department of war, and Major-General Alexander Murray, chief quartermaster, the secretary spent the entire morning going over the Presidio. At noon he was the guest of General Murray at luncheon. He then resumed the inspection, which he expected to occupy him until late

evening, even if not the largest, in the world, was the statement made last night by Secretary of War Lindley M. Garrison, on his arrival in San Francisco from the Presidio at Monterey.

The cabinet officer, who is a party to the not very big command with some, but believe me, what there is of it is real Army, and I am greatly pleased at what I have learned of its personnel during my trip across the continent. There was no more of the kind of thing that I have seen of in my life.

Another vital statement made by the Secretary was that the San Francisco Presidio would in the near future be made a brigade post, and that the important army reservation in the West, huge forces of men will be removed from smaller army posts of the interior to be concentrated in the larger posts, and efforts will be made to keep a large body of men near each big city on the two coasts so that in case of war they may be detailed rapidly.

OTHERS IN PARTY.  
In the secretary's party are Major-General Leonard Wood, chief of the staff; Major-General James B. Alesha, chief of the quartermaster corps of the army; and Captain E. J. Schindler, general staff. They have traveled over 4000 miles since July 16, and their trip of inspection has been the most thorough one ever made by a similar officer of the government.

It is the belief that the coast defenses will be strengthened at Monterey and San Francisco as a result of the cabinet officer's visit here, and that a post may be established in Los Angeles.

"I always have been a strong exponent of the abolition of the small, interior posts that have long ago outlived their usefulness," he said, "and I am glad to see that the cabinet officer's visit here, and that a post may be established in Los Angeles."

## WOMAN IN FEAR OF KIDNAPING

### Mrs. Lillian Beck Protected by Police Against Private Detectives

(Continued From Page 1)  
doug and states that she is wanted in San Francisco on business. She refused to accompany him.

REPORTED TO POLICE.  
The actions of the private detectives were reported to the San Francisco and Oakland police by Beck, who feared that an effort was being made to kidnap her son.

An Oakland patrolman on the beat surrounding the Beck home told Mrs. Beck to remain closely indoors with her son and assured her that a close watch would be kept during the day-time.

Mrs. Beck declined today to make a statement to the police.

SAN FRANCISCO, July 30.—Arthur Beck, civil engineer and husband of Lillian Beck, who has brought suit for \$50,000 for alienating the affections of his wife, was emphatic this afternoon in declaring he thought Philip K. Gordon was a kidnaper.

"I informed the police of my suspicions last night and demanded protection, because I thought things had come to a point where I was in danger," he said. "I am of the opinion that Gordon is responsible. Since a week ago last Monday three men and a woman have been watching my house, where my wife and boy live. I have not been there. It is a good thing, because I would not want to be the last drop of my blood, and I would shoot any man who attempted to break into my house. I was informed that the detectives were there, but I didn't think they would be brave enough to break into the house. They have made two attempts to break into my wife's bedroom. The last of these was on Sunday night, when a man almost had his foot inside. My wife is a brave woman and I have told her not to hesitate to shoot if any one should attempt to get the best of her. She has a revolver in the house. I believe they are trying to kidnap my boy. I cannot think of any other reason. I believe that there are not only detectives over in Oakland, but that there are two of them on my trail here. One of them stopped me and tried to make an appointment to meet me, but I realized who he was. I would have nothing to do with him."

Beck was much upset over the situation and his wrath brought him almost to tears at one time, when he was speaking of the alleged "work of Gordon."

Beck's attorney, Arthur Crane, was consulted by the engineer shortly after noon, and subsequently made the following statement:

"Beck has two fears," he explained. "One is that these detectives intend to kidnap his boy, and in this manner bring pressure to bear upon him. Of course, he only surmises that they are in the employ of Gordon. He does not know it. His second fear is that the detectives will break into his house and steal his money. He has pulled many times in San Francisco, may be played on him—that is, for a man to speak into his wife's room and for the others to run up and find him there and later say: 'We found this man in her room on such and such a date.'"

SAN FRANCISCO, July 28.—A kidnaping alarm that had the police searching for Bernard Ephraim, aged 6, and which greatly shocked the lad's grandmother, Mrs. William Beal, 1778 late street, yesterday afternoon, turned out to be the invention of the boy's sister, 8-year-old Anita Ephraim.

The girl made up a story of a strange man who had stolen Bernard, and not until the brother returned did she confess, explaining that she thought the story would cause her grandmother to keep the boy indoors, where he could play with her. ### Wanted Police Aid When She Thought Baby Swallowed Dime

MELROSE, July 28.—"My baby has swallowed a dime. Oh, what will I do? Do you think you ought to send out to get a policeman. I am Mrs. A. C. Johnson of Melrose," came in excited female tones over the telephone of the Melrose police station yesterday.

One of the duties of the force is to be ready for any emergency, but exactly what steps to follow in the case of an infant swallowing a coin was a new proposition to confront even such an experienced doctor of human affairs as Desk Sergeant McCloud. "Well do what we can for you, Madam," replied the sergeant courteously, but I'm afraid the police cannot help you to any great extent, except to see that the child gets proper attention. Perhaps you'd better send for a doctor."

"I thought the police might be able to do something," said the agitated mother at the other end of the phone. "Do you think the child will die?"

"I can't say, Madam," said the sergeant, "perhaps a doctor had better be sent for immediately." And the curtain rang down or rather the receiver was hung up, and Sergeant McCloud was left to picture the scene of the Johnson family gathered in agony around their helpless youngest, who was supposed to have swallowed a ten cent piece.

Five minutes later the same voice sounded over the phone, but the tones of anxiety were gone, and the voice had a joyful ring. "We've found the dime, Mr. Policeman. Please don't send anyone. Baby hasn't swallowed it at all. We got the dime in his dress after a search. I'm so glad."

# A famous scientist condemns the light bottle

We reprint herewith an extract from an opinion rendered by a famous scientist showing that beer in light bottles can not remain pure.

"Beer bottles should be manufactured from reddish-brown glass, inasmuch as same will to a much higher degree than any other kind of glass, minimize the influence of the rays of light on the quality of beer, and will protect the latter against acquiring the disagreeable taste (Sonnengeschmack) due to the chemical action of light."

"In white and green glass bottles the beer is most affected by the action of the light. Such bottles are, therefore, absolutely inappropriate and should never be employed by brewers."

## How to Get Rid of Eczema

If you bruise your hand, you will notice that a scab forms, and when it falls off, new skin has formed. Did you do it? No! Skin is the same as muscle, bone, sinew, ligament. All are made from the blood, from the materials that your stomach and intestines convert from food into what we call blood. And this blood circulates in the myriad of tiny blood vessels in the skin. Start from your stomach, where blood materials begin, and it goes on to the skin.

Use E. & S. for a short time, and not only will eczema disappear, but the entire blood will be renewed. There is one ingredient in E. & S. which serves the active purpose of stimulating each cellular part of the body to the healthy, judicious selection of its own essential nutriment. That is why it regenerates the blood naturally, and it has such a tremendous influence in strengthening, cleansing, and healing all skin eruptions.

Get a bottle of E. & S. at any drug store, and you will not only feel better, but you will see the results.

### DUTCH EXPLORERS BRING VALUABLE DATA

SAN FRANCISCO, July 30.—Taking to Holland specimens which may establish the missing link in the theory that Australia and the Isles of New Guinea were once connected, Dr. P. F. Hubrecht, a Dutch geologist, arrived here yesterday morning on the liner Persia. Dr. Hubrecht was a member of the Dutch expedition which sailed the snow-capped peak of the hitherto unexplored Milne mountain in Dutch New Guinea. The expedition was successful only after the members of the party underwent many hardships in their dangerous quest among savage peoples who never before had seen a white man, and through dense jungles.

Dr. Hubrecht, who is returning to Holland after three years spent in the Dutch New Guinea possessions, has photographs and specimens of plant and mineral life which he believes will prove that in ages past the Antipodes and New Guinea were connected by a mountain range.

### MARRY AT FERRY; ORLIGE PASTOR

Divine Had to Catch Train;  
Hence Novel Ceremony

With the harbor commissioners' office at the ferry building, San Francisco, as the setting and attaches of the offices as witnesses, Charles H. Schwabe of San Francisco and Miss Queenie Nevart of Livermore were principals in a novel marriage ceremony Saturday. The young couple are living in Rust.

The ferry building was chosen as the scene of the wedding because the officiating clergyman, Rev. P. W. Shattuck, pastor of Pilgrim Advent Christian church of Oakland, who came up from Santa Cruz especially to do the knot, was a hurry to get back and because both young people were anxious to oblige the pastor.

Rev. Mr. Shattuck had been in Santa Cruz at a camp meeting. He had a letter Friday asking him to come to Oakland and read the marriage ceremony. He went home, but the groom and bride had gone to San Francisco for a license and telephoned him to meet them at the ferry building.

He got there and explained his eagerness to catch the first train back to Santa Cruz, so they said, "Why not the next building here?" The pastor arranged to use the offices, obtained witnesses and the marriage was celebrated. The newlyweds departed for their new home and the obliging clergyman returned to the camp meeting.

Gaillard, chief of the central division of the canal, had suffered another breakdown. When in the United States recently on leave of absence, the officer showed no signs of illness. Recent reports from the Panama Canal Zone, which is directly in his charge, have been most encouraging.

Should Gaillard's retirement from the canal work be permanent, it would leave as the support of Colonel Goethals no less than four officers army and navy officers, namely, Colonels Sarbat Gergas, Hodges and Hudson, and Civil Engineer Resseau. Therefore it is believed rather than make a new appointment at this stage of the canal, Colonel Gaillard's functions will be distributed among the officers already in the zone.

### BEHRRING SEA COALING CLAIM NOW CANCELED

SEATTLE, Wash., July 30.—The commission of the general land office has canceled the Alaska coal claim of James Wardell of Juneau, located October 28, 1905, on land adjoining the Cunningham holdings in the Behring river group. This is the first Alaska coal cancellation since the voiding of the Cunningham claims in 1911. Wardell was a deputy United States marshal when he filed on the claims. Forfeiture was because of failure to open and improve the land.

There were four claims in the so-called Wardell group. The four claimants were notified in March, 1912, that charges had been filed against their claims. John A. Olds, an Alaskan, defaulted. The fate of the claims of Oscar E. Foote and E. E. Foote of Seattle has not been decided.

### TO USE CANYON AS MASONIC TEMPLE

Arizona Lodge to Use Canyon  
for Conferring  
Degrees

PHOENIX, Ariz., July 30.—The Grand Canyon of Arizona will become a Masonic temple September 3 and 5. On these days the Arizona lodge, No. 2, F. and A. M., of Phoenix, will use the canyon for conferring Masonic degrees on candidates of this jurisdiction.

Grand Master Leroy Middleton of Globe granted a special dispensation for the event. Masons throughout the United States had expressed a desire to be present if the permission was given. It has been planned to enact the apprentice degree at the bottom of the canyon at the foot of the Angel trail, the fellowship craft degree on the plateau half the way up the trail and the master's degree at Point Hopi, on the rim of the canyon.

### LAST OF GARCIA IS DYING; IS PENNILESS

SAN RAFAEL, July 30.—Joe Garcia, rated as a several times millionaire, a score of years ago, the surviving member of the famous Garcia family of Marin county, is on his deathbed in a shack here, penniless, but being cared for by a few of his old-time friends. Garcia is 81 years old and cannot live more than two or three weeks.

At the time the Garcia family first became known to Western history they owned about one-half of Marin county, known as the Sausalito-Point Reyes grant, one of the original Spanish land grants of the days before gold had been discovered. Up till a few years ago Joe Garcia was thought to have held on to a portion of his share of the Garcia estate, but he is absolutely penniless. About half a few years he peddled lottery tickets about the county.

### EARTHQUAKE SHOCK IS FELT NEAR MT. RAINTER

TACOMA, Wash., July 30.—Two earthquake shocks, covering an area of more than a hundred square miles, shook Mt. Rainier yesterday, rocked the ratehouses of the immense concrete structure of Tacoma's \$2,000,000 power plant at La Grande, 20 miles south of Tacoma, and created alarm in hundreds of homes. The disturbance, lasting about half a minute, was most strongly felt at the National park inn, at Ashford and La Grande.

The telephone operator, Miss S. Curry, at Ashford, was sitting at the switchboard and was thrown violently forward, the chair lurching toward the desk. Officials at the city's Niagara power plant, after a speedy examination, reported at noon they had four no cracks. Hundreds of persons from Tacoma and elsewhere are on the mountain tramping over glaciers and following dangerous trails, but no reports of injuries have been received. Ethan Allen, superintendent of the National park, says the shocks came close together and were so violent there could be no doubt they were seismic disturbances.

### BATTLE WITH SHARKS IN FISHERMEN'S NETS

SAN FRANCISCO, July 30.—After battling for three hours with a shark in Halfmoon bay yesterday, four Italian fishermen managed to kill and land three of the monsters. So exhausted were the men by the long struggle that they were obliged to surrender their nets to three local boys who then carried away the shark. The shark was about 100 feet long and weighed about 1,000 pounds.

### SHOT IN LEG WHILE RESISTING HIGHWAYMAN

LOS ANGELES, July 30.—While resisting a trio of highwaymen F. B. Hackett of Los Angeles was shot in the left leg at Greening station near here last night. Hackett and Miss E. Nicholson were waiting for a car at Greening when three men drove up in an automobile. Two of the bandits covered Hackett with pistols and demanded his valuables. Hackett grappled with one of the men and the other fired. The bandits secured \$120 from Hackett and as their automobile got under way one of them tossed a \$20 bill to Miss Nicholson for "car fare."

# HOME PATRONAGE FOR THE HOTEL OAKLAND

The Hotel Oakland cannot succeed unless the people of Oakland give it their patronage and support. This they have not done to date. Transient patronage exclusively will not justify keeping it open. The men who invested their money in the enterprise did not build the hotel merely that residents of the city might point it out to strangers as a curiosity. They cannot afford to keep digging down in their pockets to keep it open merely to advertise to which it is entitled and has a right to expect, and which is indispensable if the hotel is to fill the place in the community it was planned to fill.

The hotel has been treated with a strange aloofness by many of the wealthy and socially prominent residents of the city. Many families are never seen there save on some special occasion when their presence means nothing in the financial sense to the management.

As for going to the hotel to patronize its table, they never think of it. Aside from attending a banquet, where they shine as hosts to some distinguished guest and get their names printed in the newspapers as leaders of fashion, finance or politics, they never spend five cents in the place.

They patronize the hotel barber shop only on Sunday mornings when there is no other barber shop in town open. At all other times they studiously shun the hotel as if they were purposely boycotting it or felt out of place in it.

**RICH PEOPLE OF OAKLAND WHOSE PROPERTY IS ENHANCED IN VALUE AND WHOSE BUSINESS IS BENEFITED BY THE HOTEL OAKLAND NEVER ENTER ITS DOORS. THEY DO NOT SPEND A CENT THERE AND NEVER SHOW THAT THEY TAKE THE SLIGHTEST INTEREST IN ITS WELFARE. THEY SMUGLY ACCEPT THE BENEFITS AND DO NOTHING IN RETURN. TRADESMEN WHO PROFIT FROM THE PATRONAGE OF THE HOTEL DO NOT SPEND A DOLLAR IN IT OR GO NEAR IT SAVE TO COLLECT BILLS. OWNERS OF REAL ESTATE IN THE VICINITY, WHOSE HOLDINGS HAVE INCREASED IN VALUE BY THE PRESENCE OF THE HOTEL IGNORE ITS EXISTENCE. THEY PASS IT BY AS IF THEY TOOK NO INTEREST IN IT AND OWED NOTHING TO ITS ERECTION. THEY ACT AS IF THEY WERE BOYCOTTING THE HOTEL OR WERE ASHAMED TO BE SEEN IN IT. SHAME ON THEM.**

Yet entertainment at the Hotel Oakland costs no more than it costs elsewhere. A false impression has got abroad of the prices charged, hence many people religiously keep away, believing that it costs more to buy a drink or a

cigar there than in other places. An idea prevails that people are not welcome in the hotel unless they spend money there, that an extra charge is made for the elegance of the establishment and the splendor of the appointments.

Such is not the fact. The prices charged are exceedingly moderate, and all respectable people are welcome to come and lounge and read in the cozy chairs, meet and chat with their friends, whether they spend a cent or not. The manager of the hotel likes to see people come, make themselves at home and enjoy themselves in perfect freedom. He wants the hotel to be a popular gathering place. If visitors want anything they will be supplied with the best that can be had at prices which no one can cavil at.

But, strange to say, people of wealth and taste, whom one would naturally expect to be drawn there, shun its spacious corridors and dining rooms, the quiet elegance of its lounge room and splendidly appointed cafe, to take their dinners in stuffy, overcrowded restaurants where the service and cookery are inferior and the prices just as high. They voluntarily take the worst when they can get the best at the same price. By their example they are doing their utmost to prove that the people of Oakland do not appreciate first-class service, that the hotel is too big and grand for the town, and that the citizens of Oakland prefer to be second or third class, and therefore flock by the law of selection to garish and vulgar resorts in preference to going where everything is clean, spacious and elegant, although there is no substantial difference in the scale of prices.

It is time the people of Oakland were warned that this policy cannot endure. It is not the spirit of true culture nor does it exemplify true civic pride. It is anything but worthy of the people who urged that the hotel be built, and who clamored for a first-class modern hotel only to boycott it and spend their money in tawdry cabarets where the dishes, the music and conversation are alike greasy, and the soup on the table cloth bespeaks the quality of the service and the table manners of the patrons.

For some unaccountable reason many people think they are outclassed in the Hotel Oakland and excuse themselves for declining to patronize it by saying it costs a dollar to look inside the corridor. They knock the hotel because they do not feel at home in it. They discourage strangers from putting up there by grossly exaggerating the scale of prices and the attitude of the management toward casual visitors. They show a lamentable lack of appreciation of what the hotel means for the town by making unfounded assertions which injure an enterprise that is a benefit to the entire community.

The accommodations, appointments and service at the

Hotel Oakland are equal to what is furnished at the St. Francis in San Francisco, and the prices are considerably lower. It is the cheapest service for its quality to be had around the bay, but the fashionable residents of Piedmont, Vernon Heights and other swell neighborhoods pass it by to spend their money in San Francisco hotels or restaurants at home which do not hold a candle to the Hotel Oakland.

It is discouraging and humiliating to hear the suggestion that a party go to the Hotel Oakland for dinner and met with some remark like this: "Let's go somewhere else; they charge too much at the Hotel Oakland and don't want you unless you come in a dress suit." Neither statement is true. The prices charged at the Hotel Oakland are not higher than elsewhere (though the service is incomparably better) and the management does not care a rap whether you come in evening dress or not. The management only wants the people to come and take their ease in all the public rooms. If people would only realize it the management wants to see everybody and his wife come to the hotel, bring their friends and make themselves at home. All are welcome to come, and nobody is expected to spend money for anything he does not want, or for something he cannot afford to buy. The citizens of this town should recognize this fact and act accordingly.

Making the hotel a popular meeting place will greatly contribute to its success as an investment and as an institution denoting the civic pride and public spirit of the inhabitants of this city. Home patronage will do more than anything else to make the hotel a success, and this the men who built the hotel and are responsible for its maintenance have a right to expect. It is all that is needed to keep the hotel open and maintained in a style equal to the best in the world. It is something every patriotic Oaklander should freely give without solicitation. Strangers should be able to meet our townspeople there and mingle with them on friendly terms. But strangers cannot meet people who keep away from the hotel, nor can the hotel be popular with travelers as long as it is avoided by the people who make their homes here. The lesson is obvious. The success of the Hotel Oakland depends upon the people of Oakland. Will they do their duty to themselves and to the men who spent \$2,000,000 in providing this magnificent hostelry?

This is the hotel of the common people as well as the aristocrats. The hotel management will welcome a visit from the people of East Oakland, West Oakland, Fruitvale, Melrose, Alameda and Berkeley just as much as from the aristocrats of the hills.

*Let the people of this city wake up.*

## Oakland's Costly School Department.

The Board of Education proposes to spend more than \$30 this year in schooling each child of school age in Oakland found by the census marshal. The total is something over \$1,000,000. In twenty years the cost of the department has trebled. If interest on the money invested in school buildings and grounds were included in the computation of expense, the cost of maintaining the department would be stated in much larger figures.

While no one should begrudge the board all the money needed to maintain the schools at a high standard of efficiency, the magnitude of the sum asked for suggests that leaks should be looked after closely. Money is the easiest thing in the world to spend, and the hardest to save. We do not believe in stinting the schools. Neither do we believe in spending public money extravagantly or wasting it on frills and fads. Every suggestion to improve the schools ends with a proposal to spend more money. No one seems to ever give a thought to saving money.

What is loosely termed social service has added large sums to the cost of the new school buildings, and the curricula of the schools have been encumbered with a variety of training projects not properly within the domain of schooling which have enormously increased the expense of tutelage and the overhead expense of running the department. Increase in salaries accounts in some degree for the huge proportions to which the cost of the school department has mounted in recent years.

THE TRIBUNE is making no charge of waste and extravagance nor finding fault with efforts to modernize the schools. Its object in calling attention to the rapid increase in the per capita cost of schooling our children is to admonish the School Directors that there is a limit to the expense the people can bear or can safely be incurred. The bill of expense should be a warning to avoid all unnecessary expenditures and to go slow in finding new ways to spend money. Nothing of practical value should be discarded, but no feature which does not justify its cost should be retained.

The taxpayers should pay more attention to the cost of maintaining the school department, to its workings and financial condition, and in a growing, fast-moving spirit, but to ascertain the business of the department it conducted, how their money is spent, and how it is necessary to spend so much. Perhaps the most important step toward saving money is to eliminate the waste of money in the school department. The schools are today

## A VERY BENEFICIAL CHANGE IS EVIDENT

(From Examiner, July 30, 1913.)

The Southern Pacific charges 15 cents for carrying a ferry passenger to points beyond Melrose station. People living beyond Melrose want a 10-cent rate. And the Railroad Commission is hearing the dispute.

An interesting part of the hearing is the surprising declaration of the Southern Pacific that it is operating its ferries and Alameda county trolley lines at a loss of \$12,000 a month.

But a far more interesting thing than any occurrence in the chamber of the Railroad Commission is the attitude of the transportation company toward public opinion and the tone of public sentiment concerning the company. The Southern Pacific freely offers, and even urges, the fullest examination of its books, its operations and its plans to provide service of the highest class; and the consensus of public opinion unquestionably is that the company does provide good service, that it should have a fair return upon its investment, that it is more than probably losing the truth about its expenses and receipts, and that in any case it is entitled to a full hearing, reasonable evidence and a square deal.

Two years ago this fair and sensible attitude would not have been taken. We should all have cheerfully conceded the Southern Pacific and any statement it, or any other railroad company, might have made to the effect that the value of property is so low that it is impossible to operate it at a profit, and that the only way to save money is to eliminate the waste of money in the school department. The schools are today

# DENIES RUMOR OF W. P. ABSORPTION

SAN FRANCISCO, July 30.—A. M. Green, secretary to President Benjamin Bush, of the Missouri Pacific, the Denver and Rio Grande and the Western Pacific railway, speaking authoritatively this morning denied absolutely that there was any plan by which the identity of the Western Pacific would be lost and that its holdings would be carried in the name of the Denver and Rio Grande.

"This story to the effect that the Western Pacific's identity was to be lost and that it would be completely absorbed in the Denver and Rio Grande, is the figment of someone's imagination," said Green. "Mr. Bush has made no statement regarding this matter and you can take my word for it that there is nothing in it. It is true that Mr. Bush expects to leave here on Friday night for New York, but that is as much of the statement as I can corroborate. Regarding the financing of the system and the handling of mortgages and bonds, we have made no statements whatever, and our plans have not been completed."

The rumor given publicity was to the effect that daily conferences had been held and that it had been decided that the Denver and Rio Grande would take over the Western Pacific and exchange one share of Rio Grande consolidated stock for three shares of Western Pacific through the brokerage firm.

# ENGINEER PROMISED TO LOOK INTO PLANS

Secretary Lane assured the settlers he would recommend to Congress legislation which will secure for them more liberal treatment in the matter of payments.

# JUDGE SAYS IMMODESTY OF DRESS IS INCENTIVE TO CRIME

LOS ANGELES, July 30.—In sentencing Henry Starnes to a five-year term for a robbery, Judge Frank Oster of San Bernardino, during an opinion session of the superior court, declared that the "immodest dress" of modern women and girls were responsible for an increase of crime such as that for which Starnes was sent to San Quentin today.

"There can be no palliation of your offense," said Judge Oster in sentencing Starnes, but it is apparent to me that a great number of crimes that the atrocious lack of modesty on the part of thousands of women and young girls contributes in large degree to such offenses."

The judge added that the silk skirt particularly was criminal.

# PHYSICIANS TO CHOOSE DIRECTOR

Examination for Important Position With Health Board Being Conducted

Examinations for the eligible list for city health director of Oakland, were commenced this morning at the Oakland High School, the tests being given by Secretary Frank Colburn and a board of six advisory physicians. The tests will require two days.

Simultaneously with the holding of the examination in Oakland, applicants in ten other cities, including Portland, Me., to Galveston, Texas, are being examined by physicians who have been selected by the Federal health service to assist Oakland in finding a competent health director. The selection of the physicians who will conduct the examinations and of the Oakland advisory board was ratified by the civil service board at its meeting last night.

The tests will be taken by 30 men, 15 of whom being in Oakland, to take the tests. The men who will be examined in Oakland come from the bay region and Pacific Coast cities.

Colburn will continue the examinations today and tomorrow, and Friday will open up a new set of tests with an examination for city purchasing agent to fill the position left vacant by the transfer of J. W. Nelson to the place of secretary to Commissioner F. C. Turner.

The federal physicians selected by the commission and the cities in which examinations will be held are as follows: Dr. T. B. Beatty, Salt Lake City; Surgeon C. E. Banks, Portland, Me.; Surgeon C. H. Lavinder, Savannah, Ga.; Surgeon J. O. Cobb, Chicago, Ill.; H. W. Austin, Detroit, Mich.; John F. Anderson, Washington, D. C.; Surgeon C. W. Stiles, Wilmington, N. C.; Surgeon in charge Staten Island, N. Y.; Surgeon B. J. Lloyd, Seattle, Wash.; G. M. Gutierrez, Galveston, Tex.

These men were selected by Dr. Rupert Blue at the request of the civil service commissioners and have already been notified and furnished with examination papers.

The physicians who will have charge of the examination to be held in this city today and Thursday, in which fifteen men will also participate, as announced this evening, are as follows: Dr. G. W. Shaw, Dr. W. A. Sawyer and Prof. Charles Gilman Hyde, Berkeley; Dr. Snow, secretary of the State Board of Health, Sacramento, and Dr. H. G. Thomas and Dr. E. N. Ewer, city health officer, Oakland.

# PERSONALLY SPEAKING

E. W. Runyon, one of the proprietors of a line of drug stores, is in Oakland visiting friends. He is delighted with the city, and not having been here for some time was astonished at its progress. Runyon's trip west is partially of a business nature, and it is thought that something of interest will develop in the near future locally in regard to the firm of which he is a member. Before returning to his office in New York Runyon intends touring the coast, including San Francisco in his itinerary, that place being his former home.

Thomas Coyne, chief clerk at Long wharf has returned from a deer hunting trip in Lake county. According to Coyne, there were eight members in the party, the total reward of the shooting resulting in ten deer.

Dr. A. K. Foster, head of the medical department of the Oakland school department, left today for Buffalo to attend the meeting of International Commission on School Hygiene.

George A. Randolph, well known business man of this city, is at Lake Tahoe, where he plans a three week's vacation of rest from his commercial duties.

# BAD TEETH ARE PUPILS' DEFECT

School Supervisor of Health Recommends Free Municipal Clinic

Dr. N. K. Foster, city school supervisor of health, declared yesterday in a recommendation to the board of education that 43 per cent of the physically defective pupils in Oakland schools suffer from bad teeth.

Dr. Foster believes, and has proved by statistics, that bad teeth are a detriment to scholarship. He believes that a city or county dental clinic, where the children of poor parents may be treated free and where the pupils also to pay dental charges be given treatment at a minimum expense, is a method of saving the city money.

"I think the city should establish the free dental clinic," said Dr. Foster yesterday. "I have attempted in vain to have the county supervisors appropriate \$5000 for this purpose but few people realize the effect bad teeth have on the pupils in the lower grades."

DEFECTS READILY SEEN.

"During the last year the department found that 42 per cent of the physically defective pupils in the Oakland schools were suffering from bad teeth. This does not mean a dentist's examination, but defects readily seen by a casual observer."

"Many of the parents are unable to pay dentists' bills. But their children should not suffer for this reason. If a county dental clinic can not be instituted, the municipal clinic should be operated. I have made this recommendation in my report to the board of education and hope means will be found to form it."

# PERSONALLY SPEAKING

E. W. Runyon, one of the proprietors of a line of drug stores, is in Oakland visiting friends. He is delighted with the city, and not having been here for some time was astonished at its progress. Runyon's trip west is partially of a business nature, and it is thought that something of interest will develop in the near future locally in regard to the firm of which he is a member. Before returning to his office in New York Runyon intends touring the coast, including San Francisco in his itinerary, that place being his former home.

Thomas Coyne, chief clerk at Long wharf has returned from a deer hunting trip in Lake county. According to Coyne, there were eight members in the party, the total reward of the shooting resulting in ten deer.

Dr. A. K. Foster, head of the medical department of the Oakland school department, left today for Buffalo to attend the meeting of International Commission on School Hygiene.

George A. Randolph, well known business man of this city, is at Lake Tahoe, where he plans a three week's vacation of rest from his commercial duties.

# FAIL TO PAY FOR CLAMORED WATER

Rhoda Avenue Residents Who Are Delinquent May Be Cut Off

Many months ago residents of Rhoda avenue through the council chamber lobbies and demanded that the Peoples Water Company be forced to carry a water main into their high district, despite its attitude. The company declared that it could not give service, but listening to the plaints of the people, the city council started the city of Oakland in the water business by putting in a municipal pipe line several hundred feet long to supply the residents.

A pile of correspondence was filed with the city council this morning, which had been received from the water company.

Turner and the water company, Price Expert L. G. Jordan and the water company, and the water company and the residents.

The trouble was that after all protests and complaints on the part of the residents, and the city coming to their rescue, the aforesaid residents, or at least about half a dozen of them, would not pay or had not paid their bills.

Price Expert Jordan recommended this morning that the water company be authorized in the cases where bills still remained delinquent, to shut the water off. Jordan recommended a simplification of the accounting system with the company over the municipal pipe line, and a method of enforcing payment in future.

# BISHOP MAKES APPEAL FOR FAMILY OF WHITE SLAVER

ST. PAUL, July 30.—Explanation of the recent request of Bishop Edwin H. Hughes of San Francisco, that the Minnesota Board of Pardon consider favorably the application of Matthew H. McNabb, is contained in a letter to Governor Eberhart. Bishop Hughes, a boyhood playmate of McNabb who was convicted of white slavery, writes:

"I did not mean to apply for leniency for a man who has been convicted of what is known as white slavery. My appeal was not based on behalf of McNabb himself, but rather in behalf of his wife and six children, who surely needed his financial support."

If, later, you see any way in which the cause of justice can be advanced, I shall be pleased. Otherwise I would not ask for clemency."

McNabb's application for a pardon was denied by the board.

# WHAT, KISSING BUG AT WORK AGAIN?

Man Suffering From Insect Bite Gets Aid at Hospital

The old "kissing bug" scare was revived last night when John Tibbitt, an electrician, living at 4018 Telegraph avenue, reported to the Emergency hospital, his face tragically swollen and inflamed to the bite of some mysterious insect. Attendants of the hospital are puzzled by the case, which shows traces of poisoning, but is unlike any insect bite ever seen before in the hospital.

Steward James Cone applied medicines to the swelling and succeeded in reducing it.

"I do not know just what caused it," declared Cone. "It seems to be a nasty case. It was an insect of some kind, and evidently quite poisonous. It was not any kind of spider, I think, but probably some stinging insect. It may be the old fashioned 'kissing bug,' which was really a poisonous fly."

# WATERFRONT WORK TO BE RESUMED

Bids to Be Called for as Soon as Bond Sale Permits

As soon as the money is available bids will be called for the resumption of waterfront work, especially that on the Oakland estuary quay wall. The plans are being prepared and all will be in readiness to advertise the work as soon as the sale of the bonds makes this possible.

Oakland will have between \$400,000 and \$500,000 to complete the work already under way, for in addition to the \$345,000 worth of bonds just voted there is \$20,000 due from the San Francisco Harbor Terminal. The city is for its share of the fourteenth-street extension across the fill to the sea wall, and there is also the sum of \$63,000 at present tied up in litigation over waterfront rights.

CHANNEL TO BE DREDGED.

The quay wall is practically completed. A channel is yet to be dredged in front of it and a wharf and approaches constructed at the western end for the garbage boats. The Signal Steamship Company, which has the contract for conveying the garbage far out to sea, has filed a complaint in regard to the present dangerous condition of the old Broadway wharf, where the refuse is now loaded into the barges.

# WAITER HELD UP BY GANG OF BOYS

Warned That Should He Move Head Would Be Shot Off

SAN FRANCISCO, July 30.—Seven "highwaymen" ranging in years from 18 to 19 years, all properly armed and equipped for violence, held up Frank McCauley, a waiter at the Hotel McLaughlin, at 1400 Broadway, at 10 o'clock this morning and after taking \$5 from their victim, ordered a 15-hour reign of terror for him.

McCauley is employed in the Terrace Tavern and lives at 450 Birch avenue. The youthful robbers waited for him at the corner near his home and stopped him with a revolver. When they had taken his money the boys left him and he went home.

McCauley took no chances with his hidden fate. He waited a half hour and then called the police. Detectives S. A. Barle and Thomas Collier searched the neighborhood for the robbers, but found none.

The campers were in charge of Miss Elizabeth Clow, director of the girls' work in Bushrod Park. The children slept out-of-doors and only used their tents as boudoirs. They have become fresh air advocates and have learned to love the free and easy life of the country.

During the trip the girls enjoyed many hikes over the hills, horseback riding, swimming, jaunts and athletic diversions. The trip was very inexpensive and beneficial. The girls enjoyed every moment and were fully repaid for their outing. Probably a number of camping trips will be arranged for the girls before the schools reopen.

They were members of a company of 35 boys who tried at the camp for an extended visit. Their colleagues arrived here from the encampment two weeks ago.

Ray Ogden, one of the directors in charge of the boys' work at the Association, stated recently that a number of bicycle rides will be scheduled for the near future, when the youths will make a pilgrimage to Bolinas bay and various summer resorts.

The encampment was one of the most successful of the year. There were no accidents or sickness and many innovations were introduced at the camp. The self-government system was an innovation and proved one of the features of the camp.

Nothing was one of the principal outcomes of the trip. The trip was conducted by the students and leaders of the encampment. Much interest was displayed in the studies and the sciences.

# CONFRONT BURGLAR WITH 19 VICTIMS OF CRIMES

George Francis, Identified as Lodging House Burglar, Confesses Operations

Committed 19 Burglaries in Oakland Since Released in September, 1912.

George Francis, wanted for burglaries in a score of California cities, was captured yesterday morning by Inspectors James Drew, William Quigley and Charles McCarthy, and

of his operations in Oakland who were able to identify him as the lodging house burglar, he confessed a score of crimes in this and other cities today. Two charges of burglary will be filed against him.

Francis, who was captured in Oakland in 1909 on five charges of burglary, was released from San Quentin September, 1912. Since that time he has committed 19 burglaries in Oakland, and burglaries in San

Francis is an old hand at the profession of crime, and in all his operations, has used about the same methods. A well dressed man of about 35 years of age, with pleasing manners, he enters a lodging or apartment house, and explains that he wishes to rent a room, having received employment in the neighborhood. He chooses the best room or apartment in the place, and takes possession with a suitcase. Then he waits patiently for the landlady to leave to go shopping, and he proceeds to loot the house, fine combing every room for jewelry and coin.

MADE CRIME TOURS. It is believed that he has "pulled off" over 200 jobs since his release from San Quentin, and that he has obtained loot valued at several thousand dollars. Francis has made a practice of committing one burglary in a city, and of taking the next train out of town to a nearby city, where he pawns the loot, commits another burglary and immediately passes it again to another city. By this means he has made the tour of the California cities, committing one or two burglaries in each, several times in the past eleven months.

Francis is known to the police of all California cities, but he has made a practice of working in the outlying districts in each city. He was just leaving Oakland with loot from his last burglary in Oakland when he was recognized by Inspector James Drew boarding a train at First and Broadway. Drew, Quigley and McCarthy made the arrest.

Francis' burglaries he had committed in Oakland had all been investigated at that time, and the landladies and proprietors of the various rooming houses had partially identified Francis from the photographs in the "Rogues' Gallery." They were called in this morning to confront the man, and immediately identified him positively as the man who had taken money from them.

At the time of his arrest, Francis had in his possession a watch and other jewelry taken from the room of S. J. Logan, 6037 Telegraph avenue. When he was in Oakland May 22 he made a good haul at the home of N. Henberg, 700 Park avenue.

Among the Oakland burglaries were the following: January 3—Mrs. F. Nuff, 900 Thirtieth street.

April 8—Mrs. H. Masters, 619 East Tenth street. Lawrence O. Given, 619 East Tenth street.

April 17—E. M. Shannon, 219 Davis street. San Leandro. Edward Chevalier, 414 Davis street. San Leandro.

May 9—Mrs. W. Charles, 1622 Thirteenth avenue. Mrs. R. Machen, 1622 Thirteenth avenue.

May 14—Mrs. John Clark, 804 Sixteenth street.

May 22—N. Henberg, 700 Park avenue. Oakland.

June 27—H. Gorell, 1750 Telegraph avenue. William S. Young, 6037 Telegraph avenue.

# GIRL IS MISSING SINCE SATURDAY

SAN FRANCISCO, July 30.—Miss Margaret Doyle, a pretty telephone operator of 17, has been missing since Saturday, when she drew her pay and failed to return to her home, 4327 Twenty-sixth street. Her mother is almost in a state of mental collapse over her disappearance, and the police were appealed to today to make a State-wide search for her. Although the girl is but 17, she looks 20, and has never been away from home before. Her mother believes that she may have gone on an escapade with a young woman who dropped from sight in Stockton last week, and who was slightly acquainted with Miss Doyle.

The missing girl is 5 feet 2 inches, 100 pounds, has dark hair and complexion and wore a black and white checked skirt, with a blue striped coat and a red straw hat with a feather.

She is employed at the main office of the Pacific Telephone Company, Bush and Kearny streets.

TELLS OF FIERCE FIGHT OF MORO EXTERMINATION

After the battle, according to McLean, 40 Moro women and 300 children were found dead in the trenches. Victims of deliberate massacre by their own people, he said, he saw the warriors as they fled from the machine gun bullets of the American troops.

PERMANENT ACTION ON POST RATE BILL

# Pa to Get What Is Coming to Him From Ham

WASHINGTON, July 30.—Senator J. Hamilton Lewis had come to the conclusion that the "old man" of the family has not received proper recognition from a grateful country, although the nation has honored the other members of the American household.

As a result, he announced today his intention to introduce a bill setting aside July 29 as "Fathers' Day." Already there is a "Mothers' Day" and a "Children's Day."

"Why shouldn't we do something for the 'old man'?" demanded the Senator with virtuous indignation. He pays the bills, and on cold winter mornings is forced to get up to light the fire.

In summer they make him do the work of a horse in moving the lawn beneath the blazing sun. His lot, altogether, is not exactly a happy one. He deserves recognition.

Senator Lewis intends to introduce a bill at this session, but will not press it for consideration until the regular session in December. If prompt action is not taken on it then, he threatens to make a speech.

# DRIVES HIS AUTO WHILE DRUNK; GOES TO JAIL

Frank Corzens Gets Sentence of 100 Days From Judge Tappan

"As Dangerous as Man With Dynamite," Declares Jurist.

"A man driving an automobile while drunk is as dangerous to the public and as criminal as a man with a barrel of dynamite with a lighted fuse in a public place," declared Judge R. B. Tappan this morning when Frank Corzens, a plumber, was sentenced to 100 days in the city prison, without the alternative of a fine.

Friends of the young man appealed for clemency, asking for a fine rather than imprisonment. The appeal was denied.

Corzens was arrested at Twelfth and Broadway last evening after he had driven his automobile into the front of Mr. Hanrahan's saloon. In attempting to back out or the place, after breaking glass and damaging the machine, Corzens lost control of his machine and almost ran down two women.

John L. Lekas, hydro-aeroplane ferry promoter, leaped into the auto and shut off the power.

# CONTINUE SEARCH FOR MURDER OF HOLSTEIN

CHICAGO, July 30.—Detectives today continued their search for the murderers of Benjamin Holstein, 14 years old, whose body, bound and gagged, with a bullet hole in the head, was found last Monday in a lonely spot in Morgan Park. The investigation apparently has developed no new clues of importance.

Beauford Slaughter, a negro, 15 years old, who was arrested last night, was questioned today, but discharged, as the police were convinced that he knew nothing of the murder.

Paul Clements, 18 years old, under arrest at Rock Island has no connection with the Holstein murder, according to the police, as he was locked up at the time the murder was committed.

## Sayville Says Jup. Pluvius Not Wireless' Friend

NEW YORK, July 30.—The fact that the Long Island village of Sayville has been deprived of the recent thunder showers, which have visited this vicinity is attributed by some of the disappointed truck gardeners to the effect which the large wireless station there may have upon atmospheric conditions. There has been no rain at Sayville for some three or four weeks and a withering drought is reported, while towns all around there have had a number of heavy downpours.

The wireless plant at Sayville is one of the most powerful in the world, having a main shaft 500 feet high to which are attached

Orange blossoms held the long tulle veil in place. The bride was attended by her sister, Mrs. J. M. Crawford, who wore a gown of white tulle and two small flower bears. Elizabeth and James Ludwig, Harry Chandler acted as best man to the groom. A bower of dainty fernery and yellow blossoms formed the setting for the ceremony. Rev. ## FEW PRETTY ELBOWS

By LILLIAN RUSSELL

**S**TOP using your elbows as props. Teach your chin to hold itself up, and don't lean your cheek upon your hand. For this there is not one reason, but a dozen.

The wrinkled cheek is caused by the pressure of a hot hand upon the skin. The hand is warm and often gritty. It heats the skin and marks it. It presses its tiny wrinkles deeply, and what is worse, it draws down the cheek until it bags at the neck.

Pressing the hand under the chin is worse. It doubles the skin and makes it yellow and baggy. Taking it all in all, there is not one reason why the hand should be pressed to the face, and there are many against it. Yet there are women who habitually press the hand upon the cheek, as a prop.

An elbow that has served to hold up the head is hard and often positively lumpy. You can see so few pretty elbows these days. In place of the conventional dimple there is a big, hard lump, sometimes even protruding bone, scarcely covered by skin. And sometimes the skin is rough and coarse grained, looking like the flesh of a goose. And it is mostly all due to the fact that the suffering elbow has been used as a prop.

Leaning the head upon the hand while one thinks is a habit that grows upon one. The bare elbows are so convenient that one rests on them while one talks, while one thinks, and while one reads.

There is a woman who rests her elbows upon the wide arms of her chair while she sits. Needless to mention the fact that her elbows look and feel like sandpaper.

The woman who values her elbows will not cover them with lace. Either. Or, if she must use lace, she will select a fine variety that will and mark her elbow. There was a woman who had a hard, rough spot directly upon each elbow. On investigation she found the cause to be some heavy lace which formed the sleeves of two of her nightgowns. The lace, being coarse in pattern and firm in texture, had imprinted its figure upon her elbows, and they were red and rough. Then, too, this woman had a habit of using her elbows as props, and this made the lace sink deeper into the flesh.

T. H. U.—I cannot give you a formula for a tooth paste. There are several good ones on the market. The daily use of pumice stone on the teeth will soon wear off the enamel. One should not use it more than once or twice a year. If your teeth have a great deal of tartar on them go to a good dentist and have him remove it for you. Never touch the teeth with a pin or any article liable to crack or scratch the enamel and cause decay. Run a piece of dental floss under the teeth and clean them with a wooden toothpick.

**REMEMBER**—The habit of biting your fingernails, thumbs and the flesh on your fingers is a dreadful one, and I am sure if you use a little of the new nail brush, you will be able to get rid of it. By using your knowledge you are able to disfigure your hands for life. It will make your fingernails long, and will also tear them. By using the new nail brush you will be able to get rid of it.

**DO NOT** use anything to irritate your skin. Above all things don't bite them! If soap irritates the sores don't use it, but cleanse your hands with a cream of olive oil. Gossamer is soothing and is an excellent cleanser. I shall be glad to send you a formula for removing freckles if you will send me a stamped addressed envelope.

**E. F.** Cucumber cream is good for whitening the skin. There is a small quantity of cucumber juice in the cream. It is often caused from lack of sleep, eye strain, or anemia. Sometimes it is hereditary. The external treatment can only be temporary while the cause exists. Bothe the eyes with cold water, using friction, then massage gently under the eyes with a cream of olive oil. Be careful that you do not use the cream on the face. It is the best remedy for the skin. It is the best remedy for the skin. It is the best remedy for the skin.

## Ancient Customs House No Place in His Existence

**S**AN FRANCISCO, July 30.—King Edward, the new and modern monarch of Siam, is not only determined to remain in the walls of his late father's harem, but will also remain single as long as he lives unless he happens to fall in love with an American girl who will consent to share his kingdom as

only absolute monarch in the world, was related by Mrs. Clara Williams, wife of a wealthy rice planter, who arrived from the Orient on the steamship Persia yesterday. Mrs. Williams is en route to Seattle to visit her parents and expects to be followed by her husband in a few months.

"Many changes have resulted since the coronation of the new king," said Mrs. Williams. "I know this because I have lived in Siam the past four years. I was present at the coronation of King Edward, and I saw the king and queen being crowned. Four months later I witnessed the coronation of King Edward."

An immediate change resulted. The 800 inmates of the harem were given a pension the first thing. Then the young monarch turned the sacred white elephant—the royal steed for generations—into a nice green pasture without a thing to do except to grow fat. The automobile was then adopted as the royal conveyance.

"As absolute monarch the king owns everything. His dictum is 'What's mine is mine and what's yours is also mine.' One of the wealthy rice planters purchased an expensive French automobile. The king rather fancied the looks of the machine and dispatched a few of his servants to bring the new toy to him. The royal will prevailed and the rice planter was compelled to get another car."

"While the king remains single, and expects to, as he frankly says, unless he is honored by an American girl, his aged mother is astonishing the natives. She first adopted the motor car as a conveyance and then concluded that this was not quite exciting enough. So a few months ago, despite her 70 years, the old lady made several ascensions in an aeroplane."

## GIVES HOME TO WOMAN IN DISTRESS

**LOS ANGELES, July 30.**—Declaring that the bond of sympathy between women was sadly neglected, and that man, as a rule, showed more sympathy for the fallen than did woman, Mrs. Charles Wellington Rand, a wealthy society woman, appeared at police headquarters yesterday and welcomed Mrs. Leah Delmont, a pretty Belgian woman just freed of the charge of killing her husband, into her home.

"I will give her a good home," said Mrs. Rand. "She needs a friend now, if ever, and in me she will find one. I believe in women practicing what they preach. This young woman needs honest work. She is not an object of charity. She needs friendship, in my home she will find both, and I will not leave her alone one thing to make her future life happy."

## AMERICAN HEIRESS WILL WED ROYALTY

**NEW YORK, July 30.**—The engagement of Miss Susan Dwight Bliss, beautiful New York society girl and sole heiress to the enormous fortune left by her father, the late George T. Bliss of the banking firm of Morton, Bliss & Co., to Count Eugene de Villafraña-Soissons of Naples will soon be announced here. The count is 25 years old and is the son of a lady-in-waiting to the Queen of Italy. The count is related to the royal house, and Miss Bliss, through her marriage, will be treated as kinwoman of the royal house, not as princess of the blood, but as a noblewoman.

## MRS. HARRIMAN TO MAKE TRIP WEST.

**NEW YORK, July 30.**—Mrs. E. H. Harriman, accompanied by her daughter, Miss Carol Harriman, will leave early in August to visit her husband in Idaho. There was a report today, which C. C. Tegethoff of the Harriman estate refused to deny or confirm, that Mrs. Harriman will be accompanied by railroad officials and engineers for the purpose of making an official inspection of the Harriman railroad properties in the West.

## TWENTY THOUSAND TOO MUCH ALIMONY.

**NEW YORK, July 30.**—After to his belief, expressed today by the court, that the bench that \$20,000 a year is too much alimony to allow a wife, Supreme Court Justice Donnelly yesterday granted Mrs. Caroline W. Griffin, who is suing her husband, Edward Harrison Griffin, a wealthy ear, nose and throat specialist, \$5000 a year.

When Mrs. Griffin's attorney asked \$20,000 a year for Mrs. Griffin, declaring she needs a large income to provide for the professional education of several sons, Justice Donnelly threw up his hands and exclaimed: "I shall never allow any such amount as that," continuing: "There is no law that gives a wife a proportion of her husband's income." Mrs. Griffin was also awarded the custody of her minor son, Eugene.

## QUEEN OBJECTS TO DECOLLETTE GOWNS.

**LONDON, July 30.**—The antipathy held by Queen Mary to low-cut afternoon toilettes has been the cause of considerable friction between Her Majesty and the Duchess of Fife regarding wedding arrangements.

The Queen will permit Princess Mary to wear the décollette gown only on condition that none of the bridesmaids wear frocks cut lower than one inch in the front of the neck. The princess, who is the Queen's favorite, has been asked to wear a décollette gown to the wedding of Queen Mary to alter her attitude but then the Queen has refused.

## WHITE'S FATE IN BOARD'S HANDS

### WITNESSES AT STAND FOR INQUIRY

Former Chief of Police Seymour Is First Called on Carpet.

Bassity's Connection With Deal for Job Will Be Probed.

SAN FRANCISCO, July 20.—The board of police commissioners, who have been promising for some time to make a rigid investigation into the actions of Chief of Police White and his responsibility for the police buncos, graft, the gambling scandal and other sensational revelations of recent date, began its inquiry in earnest today. That they are determined this time to bring White to his senses with a round turn was indicated by the presence in the ante-room of former Police Commissioner Joe Sullivan, Jerome Bassity, a well-known tenderloin character and politician, who was supposed to have been responsible for White's obtaining his position; former Chief of Police John Seymour, Lieutenant Herbert Wright, formerly of the Central station and now of the Bush-street station, and Sergeant J. J. Farrell, also of the Bush-street station.

ROCHE IS TARDY.  
President Roche was about at the opening of the session and Commissioner Kuhl was in the chair. Chief White, as usual, occupied his seat at the commissioners' table. Former Chief Seymour was the first witness and was sworn for more than an hour. The session was held in secret, there being on one allowed with the exception of the commissioners, the chief and Secretary Charles Skelly.

Seymour all along has said that he was not in the case of White's selection. He has no love for White, as it was the latter who appointed him when he was removed by former Mayor McCarthy "for political reasons." Joe Sullivan was president of the board at the time of White's selection and it was he who is said to have handled the resignation of the present chief, which was given to McCarthy as soon as he (White) assumed the reins of office. This is expected to show that White was but a makeshift and that McCarthy could have declared that he received the resignation at any time he desired. Sullivan, it is thought, will also tell the conditions in the department when he was in charge of affairs on the board.

Jerome Bassity is a close friend of White's and it is not thought that he will tell anything which could be used in securing charges against the chief.

One of the questions expected to be asked Chief White in substance was "Is it true that when you accepted office as chief of police you gave in writing your resignation to Jerome Bassity, to become effective in case of certain specified circumstances?" Jerome Bassity is a political power in the tenderloin.

The police department has been under hot fire since the disclosures of graft and protection made by buncosteers resulted in the conviction of eight officers.

KNOW OF GAMBLING.  
The attack grew still hotter when it was shown that incorporated "social clubs," in which gambling was openly permitted, were flourishing throughout the city, although their addresses were known to the department and regular reports on their activities were turned in.

No settled policy toward these clubs has yet been fixed and their defense of their right to run without police interference is still in the courts.

CHILDREN WHO WERE LEFT HUNGRY AND PENNILESS BY THEIR PARENTS. READING FROM LEFT TO RIGHT—AIDA, MARY AND ZOOLA VAIL.

### LITTLE ONES WERE LEFT TO STARVE BY PARENTS

Landlady of Apartment House Hears Their Cries and Calls Aid

Three tots—Mary, Aida and Zoola Vail—who were abandoned Monday afternoon by their parents, Mr. and Mrs. O. F. Vail, who resided at the Hermosa Vista apartment house, 1530 Grove street, have found shelter at the Ladies' Relief Society home on Forty-fifth street, where they were taken yesterday afternoon. Friendless, hungry and in rags, the youngsters were clothed and fed by the matron of the home, Mrs. Clara C. Case, who gave them a warm welcome and endeavored to make them comfortable. The unfortunate little ones were still crying for their mother and their eyes were irritated and their cheeks pale as the result of their sad plight. Frequently they called for their mother, but in a reply a stranger appeared before them.

"Where is my mamma," was the frequent cry of the three-year-old babe Aida. "I want my mamma," was the prolonged appeal of Zoola, aged 5 years. Meanwhile, Mary, the eldest, tried to soothe them by saying, "Mamma will come."

LEFT IN LURCH.

Neither the landlady, Mrs. G. L. Hoffman, nor the little girls were informed whether the Vails would return to this city or not. The children were discovered by Mrs. Hoffman when they heard their wild cries, which reverberated from the third floor of the apartment house Monday evening.

Trusting to the generosity and beneficence of the public, Mr. and Mrs. Vail made their departure for the night, making an announcement to anyone

who placed 15 cents in the hands of her seven-year-old daughter, Mary, who was told by Mrs. Vail to buy the evening meal with that amount. When the proprietor of the house entered the room of the forsaken children she found the larger empty and the youngsters crying for food and their mother. Their aching hearts were comforted and their cries were answered by a generous response of nourishing edibles, which were furnished by Mrs. Hoffman and the residents of the apartment house.

NEED CLOTHING.

Before being placed in their new beds the little girls were washed by Mrs. Case, who said that they were in need of clothing. They arrived at the home with a very scanty wardrobe. In fact, they were minus the attire which keeps the body warm. They were in rags and dirty.

"The children will receive all the care and attention that this institution has to offer," said Mrs. Case last evening. "They will be properly dressed and fed. We do not know their parents, but the children will be treated as members of our big family of boys and girls. We will do all in our power to make them happy and comfortable."

There are 60 children in the Ladies' Relief Society home, which is run by 25 babies in the nursery. The home is managed entirely by a body of philanthropists of Alameda county. Its president is Mrs. Matilda Brown, who has directed the affairs of the home for the past eight years and has been instrumental in securing many changes for the benefit of the children. The women directors have given their money to the home, which is one of the pioneer institutions in this county.

There has been an appeal made for voluntary subscriptions and clothing for the orphans.

### OLDEST HARVARD GRADUATE DEAD

Dr. O. B. Taylor Leaves Daughter Living in Oakland

HARTFORD, July 20.—Dr. Oliver Brewster Taylor, oldest living graduate of Harvard, died suddenly here today in his ninety-fourth year. His survivors include a daughter, Mrs. Adele Brewster Taylor Merrill, wife of the late Selah Merrill, United States consul at Jerusalem, now a resident of 1437 Fruitland avenue, Oakland, Cal., and a son, Frank S. Taylor of this city, at whose home Dr. Taylor passed away. Dr. Taylor was a direct descendant of Elder William Brewster of Marlborough fame.

He was born at Westfield, Mass., on January 5, 1829. Following a regular schooling he graduated from Harvard when about 22 years of age. He was wedded twice, his first venture occurring in 1842 at Bolton, Conn. His first wife died in 1845, and in 1853 Dr. Taylor again married, his second wife passing away several years ago. Dr. Taylor was well known in Connecticut and Massachusetts, where, until his retirement 14 years ago, he had an extensive practice. He was a prominent member of the Harvard alumni.

Mrs. Henry Wetherbee of 1437 Fruitland avenue, Oakland, is a sister of the late Selah Merrill, whose widow resides at the home of Mrs. Wetherbee. Consul Merrill died four years ago at his sister's home here.

**EMERSON NICHOLAS MARCHES IN THE UNIFORM OF PRIVATE**

LONDON, July 20.—Emerson Nicholas, of London, fully accoutred as a private soldier, made a seven-mile march in order to gain personal experience of service as a common soldier, according to the Daily Telegraph's London correspondent.

Mr. Nicholas was dressed in a uniform, with the usual red-tinted overcoat, and with 100 rounds of ammunition, which he carried on his back. He was accompanied by a private, who carried a rifle and a bayonet.

### DESCRIBES MEXICAN EVENTS

Confers With Senate Foreign Relations Committee

Gives Recital of Personal Observations With Few Interruptions

BULLETIN.

WASHINGTON, July 20.—Ambassador Henry Lane Wilson advocated a restricted recognition of the Huerta government in Mexico at a secret conference with the Senate Foreign Relations Committee today, but the senators took no action.

Ambassador Henry Lane Wilson conferred with the Senate Foreign Relations Committee in executive session today, giving his views on the Mexican situation. It was evident that the senators had been keenly looking forward to first hand information from the Ambassador. The conference began promptly at the hour set. Secretary Bryan was not present.

Ambassador Wilson began with a chronological recital of his personal observations of the stirring events in Mexico, beginning with the abdication of Porfirio Diaz, and spoke at length of the downfall of Madero and the rise of Huerta. The committee was disposed to let the Ambassador tell his story in his own way, and for more than two hours he continued an almost unbroken narrative, interrupted only occasionally by a question from some senator. Extraordinary injunctions of secrecy were placed on all senators in the conference, but it was evident that the committee was listening attentively and that no disposition to cross-examine the Ambassador developed, at least during the first part of the conference.

HAS PEACE PLANS.

LOUISVILLE, Ky., July 20.—Dr. Henry Ahl a Tupper, special peace commissioner of the International Peace Forum, passed through Louisville last night en route to Mexico, to present a peace plan to Venustiano Carranza, rebel leader in the north, and representatives of the Huerta government. The plan involves the resignation of President Huerta, as an apparently necessary condition to recognition by the United States, and the election of a new provisional president, acceptable to all factions. This, followed by the calling of a general election, it is suggested, would invite recognition by the United States and result in co-operation among other nations in solving the country's difficulties.

CONTINUATION OF HIS PLAN, ACCORDING TO Dr. Tupper, was outlined to General Carranza last April, on a former visit of Dr. Tupper to Mexico, and met with encouraging response. He will meet the rebel leader at Piedras Negras. Dr. Tupper said that he planned establishing a branch of the International Peace Forum in Mexico City to aid in bringing about peace. He left on a late train for New Orleans.

DIAZ EN ROUTE.

SAN DIEGO, July 20.—General Felix Diaz and his party will leave for Los Angeles at 3 o'clock, arriving there at 8:30 o'clock tonight. They will spend two days in Los Angeles and then go to San Francisco for two days. A similar visit will be made at Portland, Oregon, and at Seattle. The entire party will sail from Vancouver, B. C., on a Canadian Pacific liner, leaving August 13 on the Empress of Russia.

Arrangements for the trip were completed this morning by General Diaz and local agents of the Southern Pacific and Canadian Pacific Companies. The trip to New England will be made in a special car. As the guests of the Panama-California Exposition, General Diaz and his party visited the exposition site and later were taken on an automobile trip about the city. At noon they were the guests of the exposition at luncheon. During the luncheon the general assured F. D. Collier of the exposition that Mexico would have an exhibit here.

### HUANG SING GONE; NANKING IS QUIET

City Returns to Its Former Allegiance

SHANGHAI, China, July 20.—The Kiao-Tsang and on the left bank by a

SHANGHAI, July 20.—The military government of the province of Kiang Su, and also to a number of high officials at Shanghai the following dispatch: "General Huang-Sing, the commander of the chief of the southern forces, has left Nan King. The proclamation of independence issued there has been cancelled. The city is quiet."

A naval wireless dispatch today confirmed the return of the city of Nan King to its allegiance to the Northern government.

The Senate today approved the nomination of Hsiung Hsiung, former minister of finance as premier and it is believed that a permanent cabinet will now be formed.

NORTHERN TROOPS VICTORIOUS.  
HANKOW, China, July 20.—Northern troops captured the Hu-Kow forts on Friday after a fierce bombardment from a gunboat at Olchah's Island. The troops landed below the forts under cover of the bombardment and rushed the position at nightfall. The northern troops will now advance on Nan-Chang.

FOREIGN GUARDS ATTACKED.  
LONDON, July 20.—The Telegraph's Shanghai correspondent reports a critical situation at Chapel. The police, he says, refused to permit the foreign guards to remain there. Late in the afternoon the foreign volunteers who had returned to Shanghai marched back to Chapel and were met by armed native police. Several shots were exchanged between the volunteers and the police, but the foreigners were unharmed and after disarming a small number of natives the expedition returned to Shanghai.

Further foreign warships' parties have been landed and are guarding the consulates.

The outstanding feature of the revolt, says the Times' Peking correspondent, is the failure of the Southerners to gain any successes or increase of support calculated to render the movement a serious military danger to the government. The Nanking army now is threatened in the rear from Chin-Kiang and probably from

SHANGHAI, July 20.—Northern army reinforcements, estimated to number 400, with two companies attached to the Yangtze river yesterday. The troops were loaded twenty miles below Wu Sung, apparently with a view to marching to the arsenal here.

Practically all the civilians have left Wu Sung for Shanghai, expecting a bombardment, which up to this time has been inexplicably delayed. Shanghai thus is exposed to an influx of refugees from the south and north.

Considerable damage has been done to the native city by fires, which were partly due to burning shells and partly to incendiaries with a view to looting, which has been extensive. The foreign settlements, however, have been comparatively free from this evil.

PROSPECT OF FAMINE.

A serious prospect is a shortage of food, due to the holding up of the small native coasting ships from Che Kiang ports. One awkward result of warfare in the height of summer is the lack of clean clothes for the people. All the laundrymen having fled to Ningpo, province of Che Kiang, whence their confraternity emanates.

The foreign consuls yesterday strongly protested to the northern admirals against firing over Shanghai. Two Chinese and two Ananite police were killed in the French concession in Monday night's bombardment. There were many narrow escapes and numerous foreign buildings were damaged by the shells.

NORTHERN TROOPS ARRIVE.

SHANGHAI, July 20.—Between 15,000 and 20,000 northern troops arrived here today and were dispatched southward, some by rail and some by way of the Grand Canal for Chiu Feng fortifications northwest of Nanking.

**DEMOCRATS OF SENATE ARE ASSAILED**

McLean Charges Leaders Have Broken Promise Made to Workers

WASHINGTON, July 20.—Charging that Democratic leaders have broken their tariff promises made to the working people of New England before the last national election, Senator George P. McLean of Connecticut assailed the Underwood-Simmons bills in the Senate today.

Recounting the campaign in Connecticut, directed particularly against Representative Eberhart Hill of the ways and means committee, Senator McLean quoted from speeches made by Majority Leader Underwood, Secretary of Commerce Redfield, Representative Rully and Governor S. E. Baldwin, whom he quoted as having assured the mill workers that the Democratic tariff would look after the differences in cost of production here and abroad.

"The 'protection' Democrats have tried to compromise with the 'free trade' Democrats, and this, of course, is impossible," Senator McLean continued.

His complaint is that the Democratic party has broken its sacred promise to the people of Connecticut. This I have shown from the lips of those Democrats who alone had authority to do the promising. If adequate protection is found in any rate contained in this bill, it is there by accident only.

"This bill has been described as a glaring example of invisible and inaudible government."

## Burning Blight Upon Organized Baseball: San Francisco's "Booze Cage"

### Billy Fitz Says

THE "booze cage" at Recreation park in San Francisco is a "baseball abomination," without defense or possible excuse. It is a burning blight upon organized baseball, a scarlet disgrace; an institution supported by rottenness, breeding rottenness and maintained for the sake of a few rotten dollars by a trio of men who display rotten judgment.

It is a place where a lot of holiday drunks can belch bar-room insults at the players who cannot reach them. The "booze cage" is so situated that visiting players have to pass within a few feet of the "inmates" as they go to and from the plate. The insults which are heaped upon Oakland players by maudlin sots in the San Francisco booze cage are almost unbelievable. The player has no means of preventing it. He must remain silent while he is called every filthy name the inebriate behind the screen can think of. The booze cage inmate does not go to see the ball game. He goes there to sit close to the players and "get their goat." There are special officers stationed there who are supposed to suppress the drunks who get too noisy, but the officers don't interfere when Oakland players are the objects of ribes and insults.

No similar condition exists on the Pacific coast or in any city the size of San Francisco in this country. Organized baseball is clean except for the putrid beer vat under the grandstand at Recreation park. Cal Ewing has said that the booze cage will be abolished when he gets his new park!

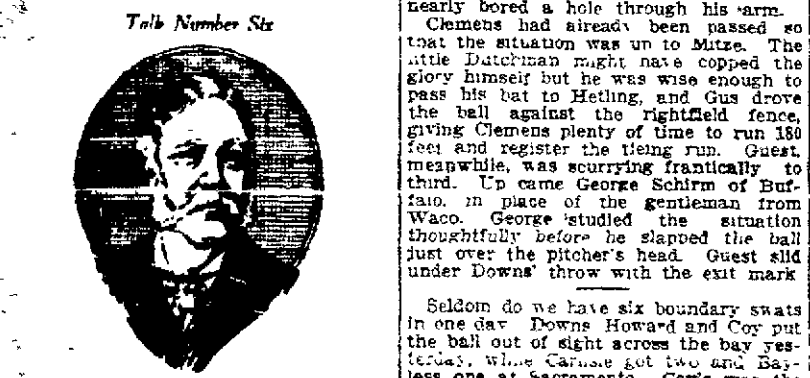

This is not the right policy! ABOLISH IT NOW! Ewing can stop the sale of booze at Recreation park tomorrow if he so desires. It is up to him and two associates who will do what he says.

JUST WHAT KIND OF A FRIEND TO THE SPORT ARE YOU, MR. EWING? SHOW US!

From present indications, it appears that the Northwest league was soon to be out of a four club circuit. Since the Coast league magnates have frowned upon that league invading the precincts of the Coast league, maintaining a club at Portland, it is reported and on good authority that the Portland Northwest league club must be abandoned. This means that the Northwest league will be dropped. It is believed. This franchise has been a drag on the Northwest magnates all this year, the trip across the mountains in winter, the expense of the franchise, which is hardly recompensed by the gate receipts. In fact the attendance has been so poor that President Joseph P. Cohn, of the Spokane club, has been in discussion, selling his interest to the railroad company which owns the park. This, to those on the inside it looks like, is the end of the Northwest league. Next season will consist of but four clubs. Everett, Aberdeen, North Yakima and Walla Walla have been claiming the Northwest league franchise, but it is now expected that any of these places will be considered large enough to draw the necessary funds into the league's exchequer.

The ex-White Sox, Walter Schirmer, played in left for the Seals yesterday, and batted a terrific double to centerfield for one hit out of four. Schirmer walked twice once. Schirmer appears to be a regular ball player. There's only one thing about him that is a little suspicious—a suspicious resemblance to a composite portrait of Umpires Bush and Guthrie.

Overgot Hetling, the man who copped a six cart last year, for driving in more runs than any other player on the circuit, kicked his hoodoo in the ninth, after a long and hard day's work, and pulled the game out of the fire in the last half of the ninth. Regular footbal stuff, "knowing" worth six straight victories to the Oaks yesterday. The Oaks have been winning games lately, one because we managed to keep ahead until the ninth, and has been just a question of whether we would last or win. But yesterday, the Oaks showed the old "fighting" spirit which won for them the title of "Fighting Oaks" and which made them the most feared ball club on the coast grounds. It was quite appropriate.

'The Best Play I Ever Saw'

To the Sporting Editor: The best play that I have ever seen happened last June, 1912, when Fremont and Oakland high schools were playing in the B. C. A. L. In the latter part of the game the score stood two all. Fremont started a rally. With the best batter at bat (he had killed a triple and single already) and two men on, and two down, the Oakland pitcher must have grown nervous, for he hit the batter in the eye, putting him out of the game.

To the Sporting Editor: In speaking of the different plays seen on the diamond, I am going to relate one, which although not very brainy, impressed me very much. It took place in the California boches, between two fast teams which were very evenly matched. The pitcher for the home team was a dummy, but he sure could pitch. The game came to the ninth inning with the score tied, two all. The visiting team was at the bat, and the dummy pitcher going great. Then the trouble started. The umpire laid straight over and the way, but the dummy had kept his head.

**Report of Commission for  
Beautifying Canal Sent to  
Senate**

WASHINGTON, July 30.—A monumental legend written in great concrete letters on the face of Culebra cut and telling the history of the building of the Panama canal is the central feature of the plan of the commission of fine arts for beautifying

was sent to the Senate yesterday by President Wilson.

Recommendations by the committee were based on the advice of Daniel Chester French, sculptor, and Frederick York Gimsted, landscape architect, who visited the isthmus early this year as a committee on architectural plans for beautification of the waterway. The committee evolved an elaborate scheme for improving the natural scenic effects along the canal.

**FAVOR MEMORIAL RECORD.**

"The commission of fine arts believes," said the report, "that a memorial record of the building of the canal should be made in the form of an impressive inscription upon a great monumental surface at some position of prominence, and a careful examination of the whole length of the canal led to the choice for the purpose of the east wall at the point of deepest cut at the Continental Divide.

"While the size and design of this monument should be the result of careful study, we are inclined to believe that it should be approximately 100 feet in height and somewhat more in width; that it should be severely plain in design and that the lettering should be done in Roman type, the letters large enough to be easily read by normal eyes across the canal, and that the material should be concrete applied as a massive facing to the irregularly fractured trap rock of the cliff."

The commission also proposed a monument directly above this on Gold Hill, the highest point reached by the canal. It considers the Pacific end of the canal to be so imposing in natural beauty that no artificial improvement should be attempted.

Work stopped in the county clerk's office for almost a minute late yesterday afternoon, and it was all the fault of two-year-old Margaret Stokes. Margaret appeared with her mother, and while the latter was filing a number of legal papers, proceeded to investigate a pile of large books. There was a crash, and an agonized squeal from the little one, and she emerged, more frightened than hurt, from below the legal tomes. She was comforted by her mother, and a new record contributed by Deputy County Clerk Johnstone, in charge of the office.

The Indiana automobile manufacturing party is today enjoying a well-earned day of rest from the entertainment and program features of their visit to San Francisco. Tomorrow morning when the visitors once again take to their machines and start for the southern sections of the state, stopping over at Del Monte en route.

Brinegar, head of the Pioneer Automobile company, was the chairman of the committee in charge of the arrangements for the care of the visitors, and the entertainment that was given as the last round of the two-day celebration will serve to make the Indianaans ever remember the west.

One of the pleasing features of the theater party last evening was the moving pictures of the Hoosiers, showing them driving about Oakland on Monday, showing them the sights of this city. The pictures, which were taken by the Golden Gate Photo Co., showed the Indianaans driving through Lakeside Park and the second film gave the visitors a good look at themselves climbing the Mandana boulevard on the way to Piedmont. The third was a good and made a bit with the visitors.

All of yesterday was spent by the tourists in the entertainment committee. One of the main features of the day was the fact that the expositors grounds in automobiles donated for the occasion by the San Francisco dealers. The Hoosiers were very much impressed with the plan for the day.

**Electric Collier Jupiter Passes  
First Trials for  
Acceptance**

WASHINGTON, July 30.—Reports received at the navy department yesterday on the dock trials of the big "electric drive" naval collier Jupiter at the Mare Island navy yard are full of promise for a successful contract trial trip of this novel ship next September. The turbine engines developed easily as much horsepower as it was thought safe to transmit to the propellers, having regard to the strength of the cables which bound the ship to the dock.

Altogether the engines are calculated to develop about 7200 horsepower, which is transmitted to the propellers by an electrical drive, a method employed for the first time in the navy. The steam turbines are coupled directly to a large dynamo, which furnishes electric current for the propulsion of the ship and all the auxiliaries.

Naval engineers are particularly anxious for a comparative test of this electric drive on the Jupiter, with the reduction gear installed on her sister ship, the Neptune, for which remarkably high efficiency in operation is claimed.
